Seminar Inaugural Session 7/5/2023

Mr. Sachidanand Singh

By The Media Educational Development in Present Scenario

Here and now, the tough time of wide changing in education at global labels. In this time of hardship for education transforming, it is essential to understanding all the present scenario and past education system. During this period of digitalisation and changing world with education transforming, talking about the primary concerns.

Dr. Manoj Chaudhary Says about Quality and excellence in teacher education and major initiatives

Dr. Manoj Chaudhary Says that Quality and excellence in teacher education is one of the major initiatives of the government of India. To achieve the better outcomes at all levels of education, government of India has been focusing on quality and excellence in teacher education. Because the quality of the outcomes of education is depends upon the quality of its teachers.

Delegates and Students are taken benefits of the key note speakers thoughts

Different studies are conducted in these perspectives and most of the studies revealed that there is a positive correlation exist between the quality of the outcomes of education and quality of its teachers. But now a day in India the quality of teacher education was decreased day by day due to some problems. If these problems are resolved in the field of teacher education, then maybe we can reach our determined goal.

Dr. Sandeep Kumar specified Quality has become the global perspective in each field of development. Quality is defined as delighting the customer by continuous meeting and improving upon agreed requirement. India is a developing country in the world and providing the mass education at elementary and higher education. Teacher education system is an important vehicle to improve the quality of education. Therefore, teacher preparation needs to give more thinking into the different roles a teacher needs to meet the new challenges in the information society. After Independent the emerging socioeconomic and political situations influenced the national scenario of Teacher Education. The Government of India setup different Committees and Commissions for addressing to the specific issues of Teacher Education.

clearing any remaining doubts and many questions asked from audience out of curiosity

It was a recommendable step taken by the national seminar to overcome the confusion and cluelessness among students. At last, a Query session introduced for clearing any remaining doubts and many questions asked from audience out of curiosity and need which made this event extremely successful and worthy.
